Is this FAQ useful?YesNo × Paid download Cool Free DIVX to AVI Converter 4.0 System Requirements: Windows Windows XP or later Features of Cool Free DIVX to AVI Converter: Converts DivX to AVI in various formats: Windows Media Video/DivX (AVI) MPEG-4 Video/DivX QuickTime/DivX MPEG-1 Video/DivX Xvid/DivX AVI (Audio Video Interleave) is a multimedia container format for storing audio and video data. It is based on the ISO/IEC 13818-1 standard for multimedia file format. The program allows you to generate AVI from DivX. The interface is a combination of a file manager and a conversion window. The latter comes with a preview pane, which displays a preview of the original video, the output file, the settings and the progress. You can filter the items in the queue, mark the ones to be removed and set the conversion options. The conversion window allows you to modify video and audio parameters. You can choose the video resolution, frame rate, aspect ratio, sample frequency, channel mode, video quality and volume. You can also set the playback speed or specify the size of the output file. The quality of the output file is confirmed on the preview. The program supports all types of DivX (.divx) files. However, in order to view the source video, you must install the DivX plugin for Windows Media Player. You can also change the video codec. The audio options are limited to only one bit rate and one sample frequency. Another DivX to AVI converter is Free DivX to AVI converter. This application offers a similar set of features as Cool Free DIVX to AVI Converter. However, it does not allow you to choose the conversion settings, the video resolution and the audio bitrate. The program can be launched from the context menu or via a shortcut on your desktop. After installing the software you can import your DivX (.divx) videos from your DVD or hard disk drive using the file browser. All your files will appear in the list. You can also add them by using the "drag and drop" method. The program doesn't support drag and drop. After the format conversion is completed, you can use the preview pane to
